# Turning the tide on viral hepatitis

Friday 7 June 2024

We look forward to welcoming you to two Gilead-organised events at the EASL congress on Friday 7 June 2024.

## Satellite symposium

### Turning the tide on viral hepatitis

12:45–13:45 CEST | Space 1+2

Join an esteemed faculty to explore pan-viral learnings in the care of patients with HBV, HCV and HDV.

**Pietro Lampertico**  
Italy, Chair

**Dominique Thabut**  
France

**Grace Wong**  
Hong Kong

**Markus Cornberg**  
Germany

## Satellite expert session

### Turning the tide on HDV patient management

16:15–16:45 CEST | Meet-the-experts 1, Hall 3

Engage with experts for a deep-dive discussion into the practicalities of managing patients with HDV.

**Pietro Lampertico**  
Italy, Chair

**Jörg Petersen**  
Germany

These are Gilead organised and funded events in accordance with Italian regulations. These meetings are intended for healthcare professionals only. The speakers share their professional opinions throughout the events, which do not necessarily reflect the opinions of Gilead.

## EASL Community Hub

The EASL Community Hub is centrally located within the exhibition in Hall 3.

- Visit the **EASL Community Hub** to learn everything you need to know about EASL and renew or sign up for EASL membership.
- Join the EASL team during the morning coffee break or lunch to participate in the **EASL Congress Quiz**.

## Track Hubs

- Join the Faculty for **Poster Tours** at the designated Track Hubs three times per day. The complete Poster Schedule is available in the Scientific programme.
- Looking to network? There are eight dedicated **Track Hubs** that serve as your meeting point to connect face-to-face with fellow delegates. Simply locate your track colour to meet with like-minded experts.
- Don't miss the networking sessions at the Track Hubs during lunchtime, where you can connect **with Experts and Key Opinion Leaders** from EASL Consortia and learn more about their work. The daily networking programme is available at the EASL Community Hub.
- Is the session room too busy? You can watch selected live and on demand sessions at the Track Hubs.

## Meet-the-Experts, Skills Learning Centre, and Workshops

Please note that the seats for the Meet-the-Experts sessions, the Skills Learning Centre sessions, and Workshops are limited. Access to these sessions is at a first come first served basis.

Meet-the-Experts sessions will be streamed live at the Track Hubs and online through the event app. Note that interaction will not be possible for online delegates.

## New at EASL Congress 2024

EASL Congress evolves every year. Make sure you don't miss the exciting new features in this year's event:

- Poster Tours will take place at dedicated Track Hubs. Grab a seat and engage in discussions about the best poster abstracts in each track.
- The top-ranking posters will be on display throughout the full four days of the Congress.
- More hands-on Skills Learning Centre sessions are available throughout the duration of EASL Congress.
- The EASL Congress wrap-up session will be available online following the Congress.

## EASL Congress 2024 is interactive!

# Join the discussion on exciting new developments for patients with MASH

Check out the programmes for the Boehringer Ingelheim Satellite Symposia to hear more about the critical role of hepatologists in the prevention and management of MASH and Cardiovascular-Renal-Metabolic (CRM) diseases

**Wednesday 5 June | 13:30–14:30 CEST | Space 4**

## Champions for the liver in an interconnected era – how can hepatologists reshape clinical practice to benefit patients?

Join Sarah Jarvis (UK), Emmanouil Tsochatzis (UK) and Sean Wharton (Canada) in a discussion on how CRM diseases are interconnected and the role of the liver, the importance of early intervention, and practical steps you can take to enhance the care of patients living with CRM diseases.

**Saturday 8 June | 12:45–13:45 CEST | Brown 3**

## MASH in focus: novel insights on diagnosis, management and coordinated patient care

Join Mary Rinella (USA), Vlad Ratziu (France), Arun Sanyal (USA) and Jörn Schattenberg (Germany) to learn about the increasing burden of MASLD/MASH, and the exciting new research and novel mechanisms in the diagnosis and management of MASH.

Visit Booth L2 to learn more about Boehringer Ingelheim's dedication to liver research and CRM care
